Dear Sir/Madam,

**RE: VERIFICATION AS A ECSA CPD SERVICE PROVIDER**

With reference to South African Flameproof Association application for verification as a ECSA CPD Service Provider.

The Engineering Council of South Africa (ECSA) is pleased to inform you that your application to be verified as a Continuing Professional Development (CPD) Service Provider has been successful. The verification of SAFA as an ECSA CPD Verified CPD Service Provider is in line with the prescribed Rules on Continuing Professional Development (Board Notice 86 of 2017) and the Standard for Continuing Professional Development (ECPD-01-STA).

As an ECSA CPD Service Provider, the organisation is required to acquaint itself with all the provisions of the enclosed CPD Rules and the Standard for Continuing Professional Development, which will, during the time of the organisation's verification, be applicable. In accordance with the Standard, the organisation is entitled to use the title "ECSA CPD Service Provide" and should display the verification at its Head Office and/or on its website. Please take note of the organisation's unique service provider number below.

ECSA CPD Service Provider Number: **SP\_008/2025**

The verification is valid for a period of three (3) years as of the date of this communication, after which it must be renewed upon the expiry thereof. The renewal process entails a review of the requirements to ensure that the ECSA CPD Service Provider still complies with the requirements and conforms to any new criteria that might be prescribed.

It is important, to note that as a CPD Service Providers your organisation is accountable for delivering validated CPD Activities. A CPD Service Provider is the only authority that can apply to a recognised Licensed Body for validation of its CPD Activities. The status of a verified CPD Service Provider is not transferable to a third party and so the CPD Service Provider is accountable for delivering the validated activities in accordance with the criteria stipulated in the CPD Standard. Failure to comply with this prescribed legislation and Standard could lead to the revoking of the verification.

A certificate of verification will be couriered to your organisation under a separate cover.

Council would like to extend its congratulations to South African Flameproof Association on its verification as an ECSA CPD Service Provider.

Yours sincerely,

---

Edmund Nxumalo (Mr.)  
Executive: Regulatory Functions (Acting)
